

Link to L.E.K. PhD/MD Program

Date: May 13-15, 2020

Apply by: March 15, 2020

Link to L.E.K. is an immersive 3-day program designed to provide life sciences PhD/MD students graduating in 2021 and post-docs with an in depth view of life sciences strategy consulting and more specifically, the Life Sciences Specialist role. This program will take place in L.E.K.'s Boston office and feature opportunities to:

- Learn more about L.E.K. as a firm and the type of work we do
- Gain hands-on experience working through a simulated case with life sciences consultants and present findings to senior management
- Attend social events and network with all levels of life sciences staff

Participants will receive an accelerated invitation to final round interviews in June.

L.E.K. will cover travel and lodging for non-local participants.
